

RECIPROCITY BATTLE OPENS

Opponents Curtis and McCumber
Oppose Measure

SENATE TO MEET EARLIER

To Expedite Speeches—Measure Made
Unfinished Business of the Senate
and Will Come Up Every
Day.

Washington, June 15.—The first day of the consideration of the Canadian reciprocity bill by the Senate was characterized by several events. In addition to listening to speeches by Senators Curtis, of Kansas and McCumber, of North Dakota in opposition to the measure, the Senate made the bill the unfinished business on the calendar and without opposition changed the regular daily hour of meeting from 2 o'clock to 12 o'clock noon, which is expected to materially assist in disposing of the speeches. To-day Senator Nelson of Minnesota will speak in opposition to the bill.

Senator Penrose, in charge of the bill, last night expressed satisfaction at the outlook, saying he believed there will be general co-operation in bringing the discussion to a close as speedily as possible.

Senator Bristow yesterday introduced an amendment reducing the sugar duty.

Senator Gore obtained leave to print a speech made in the Canadian parliament by J. A. Seasmith, a member, in opposition to the reciprocity agreement.

Senator McCumber of North Dakota took the floor immediately after the Senate assembled and vigorously opposed the measure.

"I believe this treaty," said Senator McCumber, "if enacted into law would not only postpone for many years the consummation of a hope indulged by the farmers of the country, a hope held out to them by every speaker and writer who sought to secure and hold their votes for the protective policy of the country, but that its logical result would be to destroy the policy itself. I must therefore, either repudiate all I have advocated for years or oppose the consummation of this agreement. Even if I admitted," the speaker continued, "that the American market is now no better than the Canadian market, still we must answer that as soon as consumption overtakes production in this country we will reap an advantage and that advantage is what we have earned and what we have been promised as a compensation for our sacrifices for the general principle of protection during the last forty years."

NO CHANGE IN PROGRAMME.

Democrats Will Not Enlarge Their Tariff Schedules.

Washington, June 15.—An attempt to extend the legislative program of the Democratic majority in the House at this extra session of Congress failed completely last night at a caucus of the Democratic representatives. The result is a reinforced determination of the Democrats to confine their legislative efforts at this session to the tariff.

Among the matters which the caucus turned down were the bill providing for a change from three to five years as the enlistment period in the army and other reorganization bills introduced by Chairman Hay of the committee on military affairs. Bills which the committee on naval affairs wishes to have pressed at this session and other minor bills and emergency measures were denied consideration.

"The action of the caucus simply means that we will go ahead with the tariff program as originally outlined at the opening of the session," said Democratic Leader Underwood.

TRIAL FOR MOSQUE OFFICIALS.

Operations of English Archaeologists Result in Charges.

Jerusalem, June 15.—The sheiks and other officials of the mosque of Omar were sent under armed escort yesterday to Beirut, where they will be tried before a special court on charges growing out of the operations of the English explorers who, it is alleged, were permitted to violate the mosque while excavating for sacred relics.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder, and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine, beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., P.O. Box 518, Binghamton, N.Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

A REBUKE FOR ROOT.

Resolution in New York Senate Against His Position.

Albany, June 15.—Senator McClelland introduced a resolution yesterday pledging this state to the support of the Canadian reciprocity treaty in unamended form and incidentally rebuking United States Senator Root for introducing an amendment which went over under the rules for one day, follows:

"Resolved, that it is the sense of the Senate and the Assembly of the state of New York that the reciprocity treaty with Canada now pending in the United States Senate will confer great and lasting benefits on this commonwealth and strengthen the political and commercial relations of the United States, with our northern neighbor.

"That amendments to the treaty, whatever their origin or motives should be regarded as inimical to its ratification.

"That this great commonwealth, by reason of its contiguity of hundreds of miles of territory with the most important commercial and political section of the Dominion of Canada, should be the last, not the first of the states, to present an amendment which may defeat this beneficent treaty.

"That the senior senator of the state of New York should withdraw the amendment to the treaty which he has offered.

"That a copy of this resolution be sent to both United States senators from New York.

COTTON SUITS FOR TAFT AND GEORGE V.

Will Be Made from First Bale of Texas Crop; to Be Made in Manchester, England.

San Benito, Tex., June 15.—President Taft, the king of England and the governor-general of Canada are to be presented with suits of clothes made from the first bale of cotton of this season's growth. At a meeting of the Commercial club of San Benito last night, it was decided to trace the cotton, which was raised in this county, to Manchester, Eng., where it is destined, and have it woven into cloth from which the clothes are to be made.

VOUCHER QUESTIONED.

Causes Lively Colloquy Between Hamlin and Knox.

Washington, June 15.—Intimation that the now famous Day portrait voucher had been doctored, a consequent lively colloquy between Secretary Knox and Chairman Hamlin of the House investigating committee, and testimony of Disbursing Officer Morrison's messenger that he found the voucher on the floor near Morrison's desk, after the archives had been ineffectually ransacked, featured yesterday's state department investigation.

Correspondence between Secretary Root and Consul General Michael at Calcutta indicated that the difference between the amount of the voucher and the amount paid to the artist was applied to emergency accounts, probably Chinese matters, according to Mr. Michael.

Mr. Morrison probably will be recalled to explain how the voucher happened to be among the "crumpled envelopes" near the waste basket, long after the search for the document had been on.

Sec. Knox explained, apparently to the satisfaction of the committee, the payment of \$5,000 to Frederick Halson of former Senator Hale of Maine, for service in connection with Canadian boundary negotiations. Mr. Hale was employed for this work, performed his duty to the satisfaction of Secretary Root and Secretary Knox approved his bill of \$5,000 a few weeks after coming into control of the state department.

As to the voucher signed by Albert Rosenthal, the portrait painter, calling for \$2,450, of which Rosenthal got but \$800, Mr. Knox could give no new facts. A week ago, he said, Mr. Carr, chief of the consular bureau, brought the voucher and papers to him, saying they had been found on the floor of Disbursing Clerk Morrison's office. Mr. Knox asked how they got there and could learn nothing.

FREY OUT OF IT.

Aviator in Hospital Badly Hurt and Contest is Off.

Roniglione, Italy, June 15.—Herr Frey, the only competitor in the Paris-Rome-Turin aviation race to attempt to final leg of the course, lies in the hospital here with his right arm and left leg broken and his lower jaw fractured. In periods of delirium he fights again the battle with the fog that was his undoing yesterday when his aeroplane was wrecked in the mountains near here.

He does not appear to have been injured internally and the physicians believe that he will recover, though some weeks will be required for mending. The time limit for the race expires to-day.

TABLET TO BETSEY ROSS.

Flag Day Exercises at the Famous Flag House in Philadelphia.

Philadelphia, June 15.—The principal exercises in observance of flag day in Philadelphia was the unveiling of a tablet in memory of Betsey Ross, maker of the first American flag, by the Flag House chapter of the Daughters of the American Revolution. The exercises were held at the flag house, 239 Arch street, where the first flag was made 134 years ago. The tablet was unveiled by grandson Beale Cooper, great-great-grandnephew of Betsey Ross.

Montreal, Que., June 15.—The Boston train on the Central Vermont railway due here at 10:10 last night, was derailed near Iberville, Quebec.

Fireman Martin of St. Albans, Vermont, was caught between the engine and tender and killed. Engineer Fortin, also of St. Albans and two passengers were slightly injured, but were able to proceed to this city.

CASE OF CHOLERA FROM ITALY.

Ship is Held at New York Quarantine and Patient is Recovering.

New York, June 15.—A ship with a true case of cholera came into port yesterday. The Italian line steamship Europa, from Genoa and Naples dropped anchor off quarantine and reported that a steerage passenger named Agostino Tavella was on board suffering from cholera. The patient is on his way to recovery. The Europa, with seventy-seven cabin passengers and 363 steerage will be held at quarantine for the present. Tavella is from Calabria, and on June 4, four days after leaving Naples, reported ill. The Royal Italian commissioner on board reported that the man passed through all the stages of the disease and preserved specimens for examination by Health Commissioner Doty. The cholera patient will be removed to Swinburne island and the Europa will be disinfected. The steamship Berlin arrived Tuesday from Italian ports and reported that a steerage passenger, also a Calabrian, had died from cholera on board a few days after leaving Naples.

The Berlin was released from quarantine this morning, the steerage passengers and the stewards having been transferred to Hoffman island. The crew will remain on board the Berlin under observation of the ship's surgeon. No new cases have developed.

CAN DONLIN COME BACK?

Baseball Fans Anxious to See Whether He is a Has-been or Not.

Will Mike Donlin, the once-famous outfielder of the New York Nationals, be able to come back? That is a big and interesting question, since the National commission reinstated him the other day. Mike is a natural hitter, and a lot of men of that sort have retained their batting eyes long after the advancing years have made them too slow to get out of their own way. He played more or less semiprofessionally while under suspension for not reporting to New York, but he was not constantly in the game.

It would be unwise to draw comparisons between him and Jimmy Callahan of the Chicago Americans, the greatest come-back of the age, for Callahan played regularly through out the season every year when he was under suspension. Mike has been flying around the country in the show business, and the constant appearance before the footlights hardly brightened his own lamps. He may be the Mike of old, but we will have to wait until he has been in harness for a couple of weeks before judgment can be passed upon him.

Freckle-Face

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance, Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of othine—double strength from D. F. Davis, and one night's treatment will show you how easy it is to rid yourself forever of the homely freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst case.

Be sure to ask D. F. Davis for the double strength othine as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

J. R. KILPATRICK PUTTING THE SHOE weights, is a good jumper and hurdler. He is also a fast sprinter and can run and walk a mile in fairly fast time.

Kilpatrick is a big, powerfully built fellow, weighing nearly 200 pounds, but despite his weight is as agile as a panther. He has begun systematic training for this event, and Johnny Mack, his trainer, believes he will be in good enough condition on the day of the meet to carry off stellar honors.

For Yale to win this important event Kilpatrick must be at his best and show form he has lacked in previous meets. Opposing him in that competition will be the greatest athletes in the country. Martin Sheridan, the record holder of this event, has signified his intention of competing. Others who are likely to compete in this event are Garrelis, the Chicago champion; F. C. Thomson of Los Angeles, who won the event last year, and John Broedemus of Princeton, winner of the title in 1939.

LOOK OUT FOR ST. LOUIS TEAM

Bresnahan and His Band of Pill
Tossers Playing Great Ball.

IS IT A FLASH IN THE PAN?

Last Season and One Before Cardinal's
Caused Leaders to Worry and Then
Blew Up—Club Looks Stronger Than Ever.

By TOMMY CLARK.

Diamond experts all over the country have been figuring only four teams—New York, Chicago, Pittsburgh and Philadelphia—in the hunt for the pennant in the National league. But few words have been said about the St. Louis Cardinals, yet that team has been going along lately, winning with surprising regularity. Any one who thinks that Roger Bresnahan's team is out of the race has another guess coming to him. They are not far behind the leaders at present, and if they continue to play as well as they have in the past month it will not be long before they are right at the top rung of the ladder, fighting for the main position.

Much credit for the showing of the team belongs to Roger Bresnahan. This is his third season with the Cardinals—the last of his present contract. He started with absolutely nothing—the worst outfit that has probably gone to the wars in the National league since the American became a major organization.

In individual makeup he has improved the club somewhat since that time, but not marvelously. Yet each year Roger throws a score into the opposition and threatens, at least for a time, to run them all into their caves. The very first season, with that awful excuse of an outfit, Roger had

the league on tiptoe and from the jump his poor weaklings dashed out like champions. It was not the men playing—it was just Roger's inspiration. He got out of the team all the baseball in those misfits. But that was little, and when it burned out the team sank back into its normal place.

Last year Roger had an improved club, but one still weak in two vital departments—hitting and pitching. It had probably the worst outfit of seven fanning fingers in either league. The exceptions were Sallee and Harmon. Last year, too, Roger made his annual play. Early in the season he drove his men hard, and at one time he had every club in the league save Pittsburgh guessing as to the possibilities of his finish. But the team was not natively strong enough to stand up, and the superior quality of Brooklyn's pitching shoved that club in sixth place, ahead of the Cardinals.

This year with a team that is a replica of last season's club, with the exception of three good pitchers, Bresnahan is once more ravishing the league with his terrors.

The fans are asking themselves if this is a third flash in the pan—if the native strength in the club makeup is sufficient to enable it to stand up under a campaign for a one-two-three berth.

CATCHER THOMAS BOASTS OF HIS LUCK.

"You can call me a lucky ball player," says Catcher Ira Thomas of the Athletics. "For I have been literally canned into two world's series. The New Yorkers sent me to Detroit in time to take part in the melon cutting with the Cubs, and then the Detroiters turned me over to the Athletics to take part in another struggle for post-season gold. I believe this is a record that no other player can boast of."

STANAGE AFTER RECORD.

Detroit Backstop Says He Will Catch In Every Game This Season.

Barring accident, Oscar Stanage, the Tigers' star backstop, proposes to break the record this year in the matter of games he intends to catch.

Stanage expects to be behind the bat in every game the Tigers play this year, barring accidents, of course. He feels that he can accomplish this feat with credit to himself, and as Jennings is none too long on catchers he is encouraging Stanage in his intentions. Stanage, by the way, has developed into a first-class catcher. He

works easily behind the bat, uses good judgment and makes his work easy.

Edmund Lamy, who for four years was the undisputed champion of America on skates on the ice, has made good in his attempt at professional baseball with the Mansfield team of the Ohio and Pennsylvania league. Manager Hahn, formerly of the White Sox, believes he has a find in the Saranac Lake (N. Y.) player.
